

Me + Social Media Campaign

Let's Go Viral!

Join the United Parish of Upton as we launch a Me + Christian Social Media Campaign! Everyone is invited to connect to us through our media platforms, like Facebook, Twitter and Instagram to show the world that we can have our unique identities and still be Christian in a world that tries to separate culture and spiritual beliefs.

There are so many voices in society that argue if we are one thing, we surely cannot be another. This month, YOU are challenged to prove those voices wrong. Take a picture or write a statement that describes one thing about you and end it with "and a Christian". If you are one of our Inter-Faith Friends, please share your identity and follow it up with your Religious Affiliation.

Here are some examples to get you started:

I am a Single Mother & a Christian

I am a Scientist & a Christian

I am a Teenager & a Christian

Duplicates are fine. Don't worry if someone posts your idea first. Post often, share often and listen often. Let's have some fun!

To submit your post, there are options. You can post it directly to the United Parish Face Book Page, Twitter or Instagram, or you can email it to Jessica Murphy: journeywithjessy@gmail.com. When emailing, please make a note if you would like your entry to remain anonymous and we will honor your request!
